"Women Empowerment in Computer Literacy"

Education is the first step to empower women. Today a woman is playing a pivotal role in the society. By educating them, they achieve more self-respect and confidence in the society. In view of that, IETE Delhi Centre had conducted one-day woman training program on Computer Literacy held on 20/11/17 (Monday) at 12 noon at IETE Delhi Centre. Approximately 30 women had attended the training program.
