## From The President's Desk

**Prof (Dr) A K Saini**

Dear Members,

I am humbled by the opportunity to serve as the President of The Institution of Electronics and Telecommunication Engineers (IETE); one of the largest, vibrant and also the oldest Professional Societies of the Nation. The Institution has successfully accomplished 70 years of its expedition towards the service to the Nation. Serving as the President of the Institution during its Platinum Jubilee year has indeed been an honour and privilege for me. It was a huge responsibility too since my role as a President needs to be more comprehensive and effective as compared to my predecessors in order to devise this as a landmark year in the history of IETE by making it extra profitable, productive and memorable. I am delighted that by the Grace of God, blessings of our Founder Members, and support of my Colleagues, Staff and Corporate Members, this year turned out to be an exceptional year.

This year we've done even more to share good practice across our profession, increase our impact, and equip our growing community

to fulfil our commitment towards universal building. One of the remarkable achievements is we have maintained a stupendous impetus in the intake of International Corporate Members, which has extensively added to our revenue. IETE has always been keen to enhance its reach, by bringing Members from all over the world under its ambit, to fulfil its objective of driving innovation and fostering professional excellence globally. And this year we actually made it happen, the outcome was commendable. I compliment the IETE HQ Membership team under the Chairmanship of Col M K Pande (Retd) for their efficient and dedicated efforts sometimes even beyond the working hours, to cater to the requirements of our International Members. I am glad that more professionals, all across the globe, discovered the value of IETE membership through our learning content, events, networks and resources. It is overwhelming to know that IETE is, eventually, gaining fame across international borders and Professional's world-wide are recognizing our strength and are keen to join our Institution. Talents all over the world joining us will help us to conduct *research* projects on a *global* scale, involving individuals from different cultures and countries. Total Number of Foreign Corporate Membership till 31 March 2023 was 150, where as from 01 Oct 2023 to 31 Aug 2024, Foreign membership has increased to 428 which is approx 285% increase.

As a membership organisation, our members are integral to everything we do. Our Members interest is at the heart of all our activities. The celebrations of Platinum Jubilee year would have been incomplete if our Members are not a part of our revelry. Therefore, a Platinum

Jubilee discount of 25% on membership subscription fee was announced on all categories of Corporate Membership. The Discount of 25% was also declared on the ISF and Organizational Membership fee as a gesture of our gratitude towards our Members. Our dedication towards service to our members has been unwavering for the past 70 years. Our ability to connect and deliver has also increased. IETE, as a leading Professional Body, expects its Members to contribute to the furtherance of knowledge in their respective domains through engagement in research, case studies preparation and innovative work practices. To assist and support active members, IETE also bestows awards to the well-deserving professionals.

As we strive for success and riches and fulfilment, we have to remember that we cannot achieve any of it by living in a bubble of self-interest, for we are a part of humanity and until everyone progresses and has the opportunity to fulfil their potential and transform their dreams into reality, our goals will only be mirages. For these mirages to become oasis, we need to not only work hard and dream big, but also strive to use our research capability to innovatively address the real problems that our nation faces. Accordingly, renewal for SIRO recognition was also attained for a period of three years upto 31 Mar 2027.

To exhibit the potential of IETE to a broader crowd, we put up a stall at MAPCON-2023, the IEEE Microwaves, Antennas, and Propagation Conference which was held at Ahmedabad from 10-14 Dec 2023. We are grateful to Prof Rajeev Jyoti, FIETE & Co- Chair MAPCON 2023, and Prof Shibani K Koul, EIC, IETE Journal of Research for their assistance in providing us with a complimentary stall to display our

journals, books, creatively designed backdrops, and other promotional material. For publicity purpose, pen drives comprising electronic versions of our three journals were distributed to delegates from abroad. Our kiosk witnessed a momentous visit from several distinguished guests, including notable government officials and international delegates. We were privileged to showcase our commitment to Engineering Community in the esteemed company of such dignitaries.

We have included a number of technical events during the year that clearly shows the institution's growth and expansion over time. This year has provided considerable development and exciting opportunities for everyone involved with IETE. Apart from the standard activities like Foundation Day, World Telecommunication & Information Society Day (WT&ISD), Students' Day, Mid-Term Symposium and several Memorial Lectures the Institution's encouraging trend has been further strengthened by the numerous technical events that our Centres, ISFs, and other Units have organized during the year. I am pleased to inform that we are organizing our **67<sup>th</sup> Annual IETE Convention** on the theme "**Emerging Technologies and Applications Using AI**" at **IETE Bhopal Centre** on **14-15 Sept 2024** with an aim to provide a platform for bringing forth significant research and literature across the fields of Emerging Technologies and Applications using AI and provide an overview of the impact of these technologies on the mankind.

## MEMBERSHIP ACTIVITIES

Membership has been principal focus area this year. Several steps were taken to gear up and popularize IETE membership. Membership drives were initiated with the combined efforts of IETE HQ and centres/sub-centres. A platinum Jubilee discount of 25% was announced on

the Corporate Membership subscription fee on New as well as Upgrade of Membership. 25% discount was also declared on ISF and Organizational Membership fee, on the occasion of Platinum Jubilee Celebrations, as a token of our thankfulness to our Members. One of the milestone achievements is we maintained an excellent momentum in the addition of foreign members, this year. It was a bit challenging to engross the interest of International members, provide immediate and accurate assistance to them, guide them throughout the application process and help them with all their concerns, especially due to difference in time zones. But the Membership team of IETE HQ never hesitated to nurture to the needs of the International Members even beyond the office working hours. There is no denying that success and achievement require dedication, perseverance and a whole lot of effort. Our team work and determined endeavours resulted in attaining an attractive number of International Corporate Members, this year. In the ISF and Organizational Membership too, we managed to maintain a steady rise in number of enrolments.

Apart from the above, one of the major activities with which the Membership Section is engaged is the Corporate Data Purification Work. All members who do not have their complete communication details in our database are being contacted through email or mobile, whatsoever is available in our database, with a request to mail their updated communication details. Response in large numbers is being received from the members through email and whatsapp. All these mails/messages are compiled and put up for updating in the database after regular intervals.

## CENTRES/SUB-CENTRES

This year a large number of activities were taken up by our centres, several of them were women centric which were organized with a view to promote the advancement and empowerment of women in various fields such as Engineering, politics, education, medical etc. Platinum Jubilee Foundation Day was celebrated with great magnificence at all centres/sub centres. Among other events which were organized are Engineers' Day, Students' Day, Independence Day, WT&ISD etc. A large number of Internship and online training programmes were also organized for the Engineering students to create awareness regarding latest technology and help students to bridge the gap between course curriculum and current technology. Several Expert Lectures were organized on *various scientific and social themes*. *Many centres also initiated Membership drives* geared toward targeting and attracting new Members to join IETE. *However, there is still a lot remains to be done*. I appeal to the Executive Committee of all centres/sub-centres to accelerate their pace and put in more intense efforts towards Membership growth and undertake more activities with a view to generate revenue. Total membership of IETE-Zone/Centre wise and new enrolment details are given elsewhere in this report.

## PUBLICATIONS & AWARDS

IETE publications have been a source of pride for the Institution since their inception and have been catering to professionals and the fraternity from the very beginning. The prestigious Editorial Board Members of our three journals—the *IETE Journal of Research*, the *IETE Technical Review*, and the *IETE Journal of Education*—have formed the foundation of our publications, and IETE Journals have consistently demonstrated their value. The Publication Committee plays a significant role in the advancement of publications.

Over time, IETE Publications have attained a highly notable position in the field of technical journals inside the country, as well as a respected reputation on the global stage.

In the current year (2023-24), IETE Publications experienced a substantial accumulation of articles that were awaiting publication. Both the Institution and the contributors were equally worried about this issue. However, with additional and sustained efforts, all the accepted articles are planned to be allocated to the issues of 2024, to clear the backlog and to improve the processing cycle.

This was the result of a two-pronged strategy launched in response to an innovative recommendation by the Editor-in-Chief. The first was to make the *IETE Journal of Research* publish more frequently—monthly instead of bimonthly—and the second was to include a lot more articles in each issue. Consequently, the number of approved articles in the queue was increased from approximately 20 per issue to as many as 80 per issue, in contrast to the previous practice. In fact, this was a record in its own right: No technical journal

had ever published 80 articles per issue, which amounted to approximately 800 + printed pages. This required extraordinary efforts in the editing and proofreading of the pages that were typeset by the co-publisher, M/s Taylor & Francis of England. This was an immense challenge, but the publication staff is proud to have accomplished it.

To prevent such recurrence of accumulation of the accepted articles awaiting publication, numbers of editor shave now been substantially increased. EIC/Dy EICs now have more choices while selecting the area editors, which has alleviated the burden of many editors who were overburdened with more number of papers with them. In one respect, these adjustments will eradicate the embarrassing backlog of unpublished articles, while in another; they will enable authors to receive a decision regarding their submissions within a reasonable timeframe.

Lately, the Editorial Board of the *IETE Journal of Research*, which was previously led by Prof (Dr) Shiban K Koul (EIC) was expanded to include Prof Arun Kumar and Prof Ranjan K Mallik of IIT Delhi. These two experts have been entrusted the honorary responsibility of assisting the EIC for the *IETE Journal of Research*. Both individuals are exceeding our expectations in their meticulous execution of their responsibilities. Recently, Prof (Dr) Nagendra Pathak from IIT Roorkee, Prof (Dr) Monika Aggarwal from IIT New Delhi, and Prof (Dr) Parul Garg from NSUT New Delhi, possessing due professional qualifications, have been added to the Editorial Board as Deputy Editors-in-Chief to share the burden of three chiefs.

To regulate the number of low-quality submissions in the *IETE Journal of Research*,

only papers in the fields of Communications, Electromagnetics, Opto-electronics, Computers & VLSI Architecture, Electronic Circuits Devices & Components, and Medical Electronics are being accepted. The accepted and published articles are arranged in alphabetical order and classified areas into multiple categories such as 'Review', 'Research', or 'Invited Article' to assist readers in choosing their preferred content. However, subjects such as Control Engineering, Instrumentation & Measurement, and Power Electronics have been excluded as they do not align with the primary focus of the IETE. While the current technological advancements are blurring the boundaries between specializations, this broad framework is nevertheless effectively fulfilling the goal of *IETE Journal of Research*.

Prof (Dr) Jagadesh Kumar Mamidala, Chairman of the University Grant Commission, continues to offer his exceptional guidance in leading the bimonthly publication, *IETE Technical Review* as its Editor-in-Chief. Editorials written by him demonstrate his remarkable skill in describing the rapid developments that confronts us. We are incredibly grateful for his unwavering support and insightful thoughts despite his demanding obligations. The scope of this publication is identical to that of the IETE publication of Research in terms of areas, with the exception that it includes Control Engineering, Instrumentation & Measurement, and Power Electronics, which have been excluded from the IETE Journal of Research.

The biannual *IETE Journal of Education* is currently under the guidance of Prof. Raj Senani, an Honorary Professor at Netaji Subhash University of Technology in New Delhi. The journal has received widespread

praise and receives enthusiastic reviews from keen readers. This year, the number of papers published per issue is up substantially. We are pleased to inform that Prof Raj Senani has been selected as the co-recipient of the IETE Lifetime Achievement award this year. The honour will be presented to him during the 70<sup>th</sup> Annual IETE Convention, taking place at IES University Bhopal.

There are issues that go beyond the realm of technology that are brought about by the unrelenting advancement of research and development. A committee that is focused on ethics has been established (IETE Publications Ethics Committee) in order to address these challenges and make certain that the publication process continues to uphold its integrity and fairness. This was undertaken in order to fulfill the requirements of international standards.

Our publications' high impact factor has attracts a flood of manuscripts from all over the world, including not just India but also the US, Iran, Canada, China, Turkey, and Taiwan. For the past few years, this is the geographic distribution of submissions. Every year, more than 4000 manuscripts are submitted for publication in IETE Journal of Research.

IETE and Taylor and Francis, England, the co-publisher, collaborate on a symbiotic basis to advance professional development that is consistent with ethical standards. Contributions are subject to the Similarity Check, and authors are notified as required. Additionally, the Scholar One system has been equipped with numerous new features that facilitate the processing and structuring of data. Between 2020 and 2023, there was an increase in the overall contentment with the reviewing process and the Author survey for IETE journals.

## IETE AWARDS

IETE honors the outstanding work of its members and other professionals in electronics, telecommunications, computers, information technology, and engineering-related fields through its annual and biannual awards. These awards and honors are very important for raising the institution's image and helping it reach its goals. IETE gives thirty Main Awards to individual members for outstanding work in certain categories. It also gives eight corporate awards to businesses or organizations for outstanding performance, eight awards to authors for their best technical or research articles published in IETE journals during the year, and academic awards to IETE student members for outstanding academic performances in specific sections of their studies. Dormant years do not result in the announcement of certain biennials awards.

To make the present process for selecting Awardees for IETE Awards more transparent, fair, and systematic, a "Jury of Experts" has been established for each award. This Jury panel is comprised of five or more subject matter experts from prestigious Institutions/Universities/Engineering Organizations who are chosen based on their subject matter expertise, academic/research experience, and managerial background. The Jury considers each award application in relation to its criteria and makes impartial recommendations to the Board of Awards regarding the selection of nominees for each award.

The nominations forms for IETE Main and IETE Corporate Awards are regularly reviewed to incorporate transparent, fair and impartial procedures. The Board of Awards (BoA) and the Jury experts of the relevant panel evaluate the nominations received and give

their independent recommendations in favour of outstanding nominees. Thereafter the recommendations of the Board of Awards (BoA) and the Jury members are recorded and processed and ratified by the IETE Governing Council. Based on the merit, an awardee is selected for recognition of excellence in the award category. Lectures by awardees are organized at IETE Centres nearest to the location of awardee.

To give wider publicity to attract good response to IETE Awards, "Call for Nominations" is published in Nov-Dec and Jan-Feb issues of IETE Journal of Research and IETE Technical Review. In addition, brochures and "Call for Nominations" for IETE Main Awards and IETE Corporate Awards are sent to Centres/Sub-Centres and made available on IETE Website. For more publicity, a one-page advertisement about the different IETE Awards is also published in publications such as ELCINA magazine. It gives us great pleasure to report that this year IETE has received a record number of nominations.

## NEW AWARD INSTITUTED

IETE has instituted a new award category under the main awards this year named IETE-Anita Dandekar Award. This award has been created by philanthropist and IETE veteran Prof Anita Dandekar, FIETE, who has served the Institution in a variety of positions for many years. For the award, creative ideas that can be used in business, education, or healthcare, or that have made big steps forward in the creation and use of generative AI systems and processes, are taken into account. The award consists of a medal, a citation and a cash prize of Rs 5000/-.

# Independent Auditor's Report

The Members

Governing Council of

**The Institution of Electronics and Telecommunication Engineers**

2, Institutional Area, Lodi Road New Delhi-110 003

## Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of the **Institution of Electronics and Telecommunication Engineers** ("the Institute") which comprises the Balance Sheet as at 31 March 2024 and the Statement of Income & Expenditure for the year ended 31 March 2024, which incorporated the financial statements of the Headquarter audited by us and 45 Centers audited by the other auditors and 2 Centers (unaudited) as certified by the management and a summary of significant accounting policies and other explanatory information.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Institute in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Emphasis of Matter:

- (a) The uniform accounting policies has not been followed by all the Centers regarding accounting of Depreciation.
- (b) Some Centers do not have proper records showing full particulars including details and situation of fixed assets and also there is no practice of Physical Verification of the Fixed Assets undertaken by the Management during the year under the audit.
- (c) Some Centers do not have proper accounting of consumption of Inventory and it is also reported that the inventories are not physically verified.
- (d) Upon going through the Audit reports provided by the Auditors of the Centers, some discrepancies related to accounting, booking of income and expenses, reconciliation of Bank Accounts and other Current Assets are reported, which may impact the Income and Expenditure Account as well as reporting of assets/liabilities.
- (e) The entity having total 63 centers but we have received only 45 centers out of these 2 centers were unaudited and remaining 16 centers not received and mention as below: -

#### Name of centres for which we have not received balance sheet

S. No.	Particulars	S. No.	Particulars
1	Kakinada	9	Jabalpur
2	Yavatmal	10	Jalandhar
3	Agra	11	Mankapur

5	Coimbatore	13	Goa
6	Jammu	14	Warangal
7	Dharwad	15	Gwalior
8	Imphal	16	Ranchi

#### Centers which are unaudited but certified by the management

S. No.	Particulars	S. No.	Particulars
1	Vadodara	2	Surat

#### Adverse Opinion:

According to the information and explanation given to us and based on our audit material, we want to draw members attention to following points:-

## Basis for Adverse Opinion:

We hereby Qualify our report with respect to the following points :-

1. We have not received financials of 16 centers due to which we have not incorporated in the financials of the entity.
2. Many of the centers had not followed proper accounting method which does not gives true and fair views.
3. We were unable to obtain sufficient appropriate audit evidence to support the balances of Loan and Grant given by head office to various centers. The management was unable to provide us Financial Statements of all centers, which was necessary to perform a complete and thorough reconciliation of the head office loan balances and Grant given by head office. This limitation prevented us from adequately evaluating the accuracy and completeness of these balances.
4. TDS of the multiple previous years has not been adjusted in the books. Current year TDS is subject to reconciliation.
5. We are unable to obtain sufficient and appropriate audit evidence to determine the completeness and existence of Fixed assets. We also were unable to determine the accuracy and valuation of depreciation expense, as the calculation of depreciation is subject to reconciliation to the physical inventory of fixed assets.

Consequently, we are unable to express an unqualified opinion on the financial statements.

In our opinion, because of the omission of the information mentioned in the Basis of Adverse Opinion, the financial statement do not give a true and fair view in conformity with the accounting principles generally accepted in India of the Balance sheet of the Institute as at 31<sup>st</sup> March, 2024, and its Income and Expenditure account for the year ended on that date.

For and on behalf of

# Independent Auditors' Report

The Members

Governing Council of

**The Institution of Electronics and Telecommunication Engineers**

2, Institutional Area, Lodi Road New Delhi-110 003

## Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of the **Institution of Electronics and Telecommunication Engineers** ("the Institute") which comprises the Balance Sheet as at 31 March 2024 and the Statement of Income & Expenditure for the year ended 31 March 2024 incorporating the financial statements of the Headquarter and CPF audited by us.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Institute in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Emphasis of Matter:

- (a) The Institution has been incurring losses continuously since last many years due to the excess of expenditures incurred over the income earned by the Institution. A summary of **losses/ profit** for the last 6 years is as under:

(Amount in Lacs.)

Financial Year	2023-24	2022-23	2021-22	2020-21	2019-20	2018-19
Net Profit/ Loss	107.06	(81.46)	56.59	(81.28)	(98.91)	(13.01)

Our audit procedures revealed that the Institute primary operations are not currently generating sufficient revenue to support the reported profit. The majority of the profit reported in the financial statements is derived from interest income and rental income, rather than from the Institute core activities. This reliance on non-operating income raises concerns about the sustainability of the Institute current profitability and its ability to achieve its stated objectives. A Summary of change in Operating income, Non-operating Income and Operating Expenditure is as under.

(Amount in Lacs.)

Financial Year	2023-24	2022-23	Increase/(decrease)	Change in Percentage
Membership Fee:	136.08	169.55	(33.47)	(19.74)
Education Fee:	11.90	8.33	3.57	42.81

<b>Operating Income</b>	<b>288.85</b>	<b>315.34</b>	<b>(26.49)</b>	<b>(8.40)</b>
Interest Income	154.14	57.40	96.74	168.55
Rental Receipts	161.87	105.99	55.88	52.72
<b>Non-Operating Income</b>	<b>316.01</b>	<b>163.39</b>	<b>152.62</b>	<b>93.41</b>
Establishment Expenses	157.38	151.88	5.50	3.62
Examination & Technical Program Exp	9.38	9.67	(0.29)	(3.03)
Journals	53.64	40.50	13.14	32.45
<b>Operating Exp.</b>	<b>220.39</b>	<b>202.05</b>	<b>18.34</b>	<b>9.08</b>

- (b) During our audit of the financial records of IETE HQ, it was observed that the organization has granted a deduction under Section 80C of the Income Tax Act, 1961, for employee contributions made towards an unrecognized provident fund. According to the provisions of the Income Tax Act, contributions to an unrecognized provident fund do not qualify for deductions under Section 80C. This non-compliance with statutory requirements has resulted in an improper claim of tax benefits by the employees.

## Opinion

We have audited the accompanying financial statements of **Institution of Electronics and Telecommunication Engineers** (“the Institute”), which comprise the Balance Sheet as at 31st March, 2024, the Statement of Income and Expenditure account for the year ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give a true and fair view in conformity with the accounting principles generally accepted in India, of the Balance sheet of the Institute as at 31st March, 2024 and its Income and Expenditure account for the year ended on that date.
